

SMART CHARGING FOR A CLEANER TOMORROW

Our lithium battery chargers are designed to deliver safe, efficient and reliable charging for electric two wheelers with multiple voltage and current options.

Digital Display

Real-time charging status and battery level indication

Multiple Protections

OVP, OCP, SCP, OTP and Reverse Polarity Protection

Wide Voltage Options

Supports multiple battery configurations

Thermal Management

Stable operation even in high ambient conditions

Rugged & Reliable Design

Designed for continuous operation in Indian conditions

Customizable for OEMs

Custom connectors, branding and specifications

AVAILABLE MODELS

Multiple voltage options to suit different two wheeler battery packs

6A CHARGERS

Available Models

67.2V 6AMP
71.4V 6AMP
69.3V 6AMP
54.6V 6AMP
58.8V 6AMP
84.6V 6AMP

8A CHARGERS

Available Models

67.2V 8AMP
58.8V 8AMP
71.4V 8AMP
84V 8AMP

10A CHARGERS

Available Models

84V 10AMP
71.4V 10AMP
58.8V 10AMP
54.6V 10AMP
67.2V 10AMP
